

Electronic Recycling at Lowry

When: 10am until 2pm on Saturday, August 22, 2009

Where: Academy Blvd. & Rampart Way, In front of Hangar 2 (see map below)

What: Bring all your old and unwanted electronic items

Cost: \$8 Monitors'; \$10-25 for TV's based on size; \$5 CPU's; all other items free.

Proceeds go to GRX (Guaranteed Recycling Xperts) for the cost of environmentally responsible recycling. **Pay with Cash or Check only.**

WHAT TYPES OF ITEMS DOES GRX RECYCLE?

GRX recycles virtually any obsolete electronic. Batteries, cell phones, computers, DVD players, VCRs, stereo equipment, printer/fax machines, computers and laptops. We handle everything from large copiers to small PDA's. We also accept small appliances and, generally, anything that plugs into the wall except refrigerators, freezers, or air conditioners. If you wonder whether GRX can recycle an item, just call us at 720-377-7700.

How much can Lowry recycle? Take a step for the planet and get rid of old electronics the proper way. This event is sponsored by the Lowry Community Master Association, with special thanks to Sally Kurtzman and Chuck Woodward.
